ABOUT ME

I'm a Junior student at Kasetsart University (Bangkhen Campus) Major Statistics Grade 3.52. I have basic knowledge of statistics about Data Analysis and Data Science and basic program that helps define the problem and preliminary solutions. So I'm interested to internship in Data Analyst or Data Science for practical my knowledge and gain work experience. I can work with others and exchange ideas. And I'm always eager to learn from others. My online resume can be found [here](#). Please do not hesitate to contact me if you have any questions.
